

Kalmar improves the efficiency of your every move

Kalmar, part of Cargotec, offers cargo handling solutions and services to ports, terminals, distribution centres and to the heavy industry. Kalmar is the industry forerunner in terminal automation and in energy efficient container handling, with one in four container movements around the globe being handled by a Kalmar solution. A provider of cargo handling equipment, automation, software and services; Kalmar's portfolio includes straddle and shuttle carriers, terminal tractors, yard cranes, ship-to-shore cranes, reach stackers, empty container handlers and forklift trucks. We offer services for all brands, including proactive and on-call technical support, crane upgrades, parts and training. We work in close collaboration with our customers even when they operate a different brand of equipment or terminal operating system.

Through our extensive product portfolio, global service network and ability to enable a seamless integration of different terminal processes, Kalmar improves the efficiency of every move.

Kalmar has 5,400 employees in 30 countries and operations worldwide. Cargotec's sales totalled approximately EUR 3.4 billion in 2014 and it employs approximately 11,000 people. Cargotec's class B shares are quoted on NASDAQ OMX Helsinki Ltd under symbol CGCBV.

Visit Kalmarglobal.com to learn more about our equipment, automation and services.
